

Year 2 Westacre Warm-ups

These are the areas of learning your child will be covering over the next **two** weeks. You might be able to support your child with these through practical activities, by talking to them about what they are learning and helping to develop their understanding.

Weeks beginning 7th and 14th October 2024

Maths

We will be beginning a unit of work on Addition and Subtraction. We will be following small steps of learning from White Rose Maths:

- Bonds to 10
- Fact Families – addition and subtraction bonds within 20
- Related facts
- Bonds to 100 (tens)
- Add and subtract 1s
- Add by making 10

You can find the video link for each of these small steps here:

[Maths home learning | Home learning | White Rose Education](#)

Education City support activities:

- Heist to See You – number bonds up to 20
- Secret Sums – number bonds that total 20
- Mirage Madness – number pairs that total 100

Reminder: Don't forget the White Rose Maths app called "1-Minute Maths". This app helps children build greater number confidence and fluency. It's all about targeted practice in engaging, one-minute chunks! You can also download a wall chart to keep a track of your child's scores at home. Try to get your child to complete activities on the White Rose 1-Minute Maths app for 5 minutes each day.

English

We will be continuing our recount texts in the form of a Newspaper Report. We will be using our writer's toolkit to write our own recount of an event we experience in school. We will revisit or grammar skills from Year 1 and our newly acquired skills of using commas in a list, using expanded noun phrases and using conjunctions (and, or, but, because, if).

Education City support activities:

- Noodle Nouns – Expanded Noun Phrases
- Water Raider – Recognising conjunctions
- Combining Sentences – Using conjunctions to join sentences
