

Year 1 Westacre Warm-ups

These are the areas of learning your child will be covering over the next **two** weeks. You might be able to support your child with these through practical activities, by talking to them about what they are learning and helping to develop their understanding.

Weeks beginning 22nd and 29th April 2024

Maths

Over the next two weeks, we will be beginning our unit of work on Multiplication and Division. Our small steps of learning are:

- Count in 2s
- Count in 10s
- Count in 5s
- Recognise equal groups
- Add equal groups
- Make arrays
- Make doubles

You can click on the link below to see White Rose Maths videos showing how we teach these small steps.

REMINDER – Don't forget the White Rose 1 minute Maths app. Children can now begin to have a go at the Multiplication and Division questions as well as continuing to become more fluent in Subitising, Addition and Subtraction.

Education City support activities:

- Deep Discoveries – Count in 2s to 100
- Counting in Stens – Count in 10s to 100
- Deep Sea Five – Count in 5s to 100

English

In English, we will be continuing our unit of work based on the animation "The Wish Granter". We will be learning what question marks are and when to use them. We will be composing our own questions and writing them – adding the current punctuation. We will also be planning, acting out and writing our own wishing stories based on "The Wish Granter." Children will be working on ensuring that they accurately spell words from the story including – 'Once upon a time, at that very moment, who, there, was, one day, happily ever after'. We will also focus on spelling high frequency and common exception words correctly.

Education City support activities:

- Slam Dunk – Spelling high frequency words
- Stig's Spelling Adventure – Spelling exception words
