

In Maths we would like your children to be able to do the following independently by the end of the school year. Your support in helping your children reach these milestones would be much appreciated.

Counting and Ordering

I can count reliably with numbers from one to 20.

I can use quantities and objects up to 20.

I can place numbers in order up to 20.

I can say which number is one more or one less than a given number up to 20.

Numbers and Calculating

I can add two single-digit numbers and count on to find the answer.

I can subtract two single-digit numbers and count back to find the answer.

I can solve problems, including doubling, halving and sharing.

Measures

I can use everyday language to talk about size to compare quantities and objects and to solve problems.

I can use everyday language to talk about weight to compare quantities and objects and to solve problems.

I can use everyday language to talk about capacity to compare quantities and objects and to solve problems.

I can use everyday language to talk about position to compare quantities and objects and to solve problems.

Shape and Space

I can use everyday language to talk about distance to compare quantities and objects and to solve problems.

I can use everyday language to talk about time to compare quantities and objects and to solve problems.

I can use everyday language to talk about money to compare quantities and objects and to solve problems.
