Online E Library Phonics Books

Dear Parents,

Your child can read additional phonics books on our online e library. This library can be accessed via the Oxford Owl website www.oxfordowl.co.uk and the children have received their login details. If you have misplaced or forgotten your child's login details, please let the class teacher know and we will send out new login details to you.

The phonics books that are available to your child will belong to the previous level that they were on as it is important that children read books that they can fully decode independently. Their book bag book will continue to be matched to their current phonics group.

Kind regards,

Mrs Taylor

KS1, English and Early Reading Lead
